Edgartown School Needs Substitute Teachers!

FAQ's

What if I have never taught before?

No experience is necessary. Teachers will leave you lesson plans with exactly what to do. Just follow the plans. There is always someone available to help should you need it.

Can I be a substitute teacher in my child's class?

Unfortunately we do not allow parents to sub in their child's class.

What if I only want to sub in a specific grade or subject?

We will do our best to accommodate specific requests, but due to the high need for subs, we cannot always guarantee a specific placement.

How much money will I make?

Substitute Teachers are paid \$120 per day! If you work five days a week that is \$600!

Do I need a college degree?

Although a degree is preferred, anyone with a high school diploma is eligible.

How do I start?
